Location: Commonwealth House, Glasgow

Project Size: 23,500 sq ft

Procurement: xxx

Status: Complete (2017)

Other team members: PM: G&T, Contractor: AKP, M&E: Atelier Ten

Ofgem has expanded in Glasgow and transitioned staff from their London HQ. The 4th floor of Commonwealth House in Glasgow was selected as the site of the new office. c2: were chosen to design the Cat-B fit out of the huge new office space, working to a brief to accommodate 230 staff in a space that supports 'Smarter Working,' which pertains to an environment that engages people and supports effective outcomes. The idea behind our designs was to create a collaborative, open plan office, whilst including private and quiet areas throughout, using furniture and space. The design of the whole office and break areas is quirky and bright, with writeable walls and a layout to encourage teamwork and collaboration.
